PRODUCT DESCRIPTION

The FMC TJ 2 124153 R Paper Jogger aligns mail and checks easily with its whisper quiet, vertical vibration system that applies friction to separate sheets. The FMC TJ 2 124153 R Paper Jogger is equipped with 8 pocket racks to handle moderate loads of material. No operator is needed since the pockets are bin like to hold material in place without shifting. The FMC TJ 2 124153 R Paper Jogger increases the efficiency of modern, high speed sorters by reducing the jam rate of checks and tab cards first. The FMC TJ 2 124153 R Paper Jogger is capable of handling up to 4000 pieces at one time, depending upon the stack thickness. An optional floor stand is available at an additional cost.
