PRODUCT DESCRIPTION

The Martin Yale 2051 Electronic SmartFold Paper Folder is a high volume automatic paper folder ideal for use in churches, schools and business offices alike. The Martin Yale 2051 SmartFold Paper Folder, paper folding machine operates at a speed of up to 15,000 sheets per hour. It can fold document sizes up to 12 x 18 in custom designed folds. The folds are adjustable within a selectable fold range. Automatically feeds, folds, and collects a stack of documents. Simplified adjustment for folding 8.5 x 11 , 8.5 x 14 , and 11 x 17 documents. Folded material emerges on conveyor belts, creating easy to handle fanned stacks. Comes with a Operator Control Display that has a simple push button operation. Choose the size of paper you want to use and the type of fold you want then press start and the machine does the rest

PRODUCT FEATURES

From Feed Table to Fold Settings to Stack Wheel - everything is set automatically. Variable Folding Speed ranges from 3,000 to 15,000 sheets/hr.
