PRODUCT DESCRIPTION

This Paper Folder and Paper Folding Machine is preprogrammed with 6 standard folds and can store up to 27 custom folds in memory. The MBM F 45N tabletop friction folder has 3 roller friction feed for precise folds every time and a Quick Release roller system for fast and easy maintenance. Single sheet feeding is maintained automatically for different weights of paper. Exit rollers position automatically for precise paper ejection. Automatic feed table ensures optimum feed pressure. Optional perforator and scorer are available and this unit requires no mechanical set up just plug it in and start folding. MBM friction and air suction folders offer the ultimate in speed, precision and ease of use and are ideal for use in small offices and corporate environments. MBM professional series models stand up to the rigors of quick print, copy shops, in plants and digital printing environments.
