PRODUCT DESCRIPTION

The Standard PF P280 paper folder has many key features that provide the user with a fast, user friendly medium volume folder. The Standard PF P280 paper folder operates at a speed of up to 11,400 sheets per hour. Its advanced paper feed system virtually eliminates misfeeds and jams, and also adjusts automatically according to paper thickness. The Standard PF P280 paper folder features automatic fold capabilities with six popular folds that are pre programmed for selection. It also has the ability to manually override the automatic settings for non standard stock sizes and there are two programmable memory settings for custom folds. The PF P280R paper folder is designed with a single fold plate for one crease applications.
