PRODUCT DESCRIPTION

Intimus SmartFold 2051 Electric Paper Folder with FAIM The Intimus SmartFold 2051 paper folder automatically feeds, folds, and collects a stack of documents; folded material emerges on conveyor belts, creating easy to handle fanned stacks. This Paper Folding Machine Performs 7 pre programmed fold types letter, z fold, half, double parallel, gate, engineering AKA short z fold and church fold and 10 custom folds. The 2051 paper folder has variable speeds that can be set from 3,000 to 15,000 sheets per hour of paper from 18lb bond to 90lb index. This Electric Automatic Paper Folder is ideal for schools, churches, offices, and print shops. FEATURES Handles paper weight from 18 lb. bond to 90 lb. index Variable speed ranges from 3,000 to 15,000 sheets per hour Handles sheets sizes from 2 1/2 x 5 1/5 to 12 x 18 Feed table capacity can hold up to 500 sheets of 20 lb. bond High memory capacity with 7 pre programmed fold types letter, z fold, half, double parallel, gate, engineering AKA short z fold and church fold and 10 custom folds Capable of feeding a wide range of paper weights WITHOUT having to adjust feed system which saves time between folding jobs Diagnostics mode for quick and easy trouble shooting and setup with 7 sensors Fully enclosed fold tables quieter operation and improved operator safety 2 line X 20 character LCD display provides operator with visual feedback prompting 5 pre programmed paper sizes 8 1/2 x 11 , 8 1/2 x 14 , 11 x 17 , A3 and A4 90 day warranty when purchased without F.A.I.M. Factory authorized installation and maintenance . 1 year warranty when purchased with F.A.I.M. Dimensions L x W x H 22 x 43 x 17 Shipping Weight104 lbs With FAIM you get Installation by a factory authorized installer Application and use training by a factory installation installer Up to two additional, no charge maintenance calls during the first year by

a factory authorized installer Replacement parts free for one year from the date of installation except for consumables such as rubber wheels and rollers; slitting, perforating and scoring wheels; blades, cutting sticks; etc . Why FAIM might make sense for you If you sell consumables, such as paper or forms, you can now sell bursters, decollators, folders and cutters to your customers No need for your organization to develop the servicing skills required to maintain complex machines Allows minimal involvement and frees you to pursue other more profitable or desirable opportunities Even at an installation where an adjustment might be necessary, factory authorized installers are trained to handle that eventuality In the unlikely event a machine does not function to the specifications at installation, Martin Yale will repair or replace the unit. Increased customer satisfaction, as there is less room for operator error an avoidable cause of customer dissatisfaction with equipment. NOTE The FAIM Program will aid in the proper installation, training and operation of our equipment, however, it is no substitute for proper application selling. Martin Yale warrants its equipment will operate within published specifications, however, specific applications cannot be guaranteed. If an end user has a unique application, simply supply Martin Yale with samples. We will test the application before a buying decision is made.
